

AMENDED IN SENATE APRIL 6, 2005

SENATE BILL

No. 1007

Introduced by Senator Ducheny

February 22, 2005

An act to amend Section 71 of Chapter 67 of the Statutes of 1962, First Extraordinary Session, relating to port districts, *and declaring the urgency thereof, to take effect immediately.*

LEGISLATIVE COUNSEL'S DIGEST

SB 1007, as amended, Ducheny. San Diego Unified Port District Act: retirement and disability benefits.

The existing San Diego Unified Port District Act establishes the San Diego Unified Port District, prescribes the powers and duties of the district, and provides for the transfer to the district of specified tidelands and lands lying under inland navigable waters in San Diego. The act requires that all employees of San Diego County or any city within the county who are performing duties in connection with the Port of San Diego or the respective harbor departments, be considered as employees of the district, and authorizes the district to contract with the State Employees' Retirement System and provide retirement and disability benefits for employees under the State Employees' Retirement System, pursuant to its rules and regulations. The act further authorizes the district, by contract, to continue those employees of the district who are covered as members of the system of which they were members while they were employees of the respective cities.

This bill would revise those provisions governing employee retirement and disability benefits to also authorize the district to contract with any other employee retirement and disability system or to establish an independent employee retirement and disability system.

The bill would declare that it is to take effect immediately as an urgency statute.
